AMENDMENT INFORMATION

Amendment Type: Renewal

Amendment Date: 05/11/2022

Amendment Number: 000

Proposal Number: 2146269

Amendment Description:

The National Science Foundation hereby awards a Continuing Grant for support of the project described in the proposal referenced above.

To comply with section 16 of the Cyber Security Research and Development Act (15 U.S.C.A. 7410), the grantee will ensure that no grant funds go to: a) any individual who is in violation of the terms of his or her status as a nonimmigrant or b) any alien from a country determined by the Secretary of State to be a state sponsor of international terrorism unless that individual has a visa permitting him or her to enter and remain in the

United States. The grantee must immediately notify NSF if its ability to receive nonimmigrant students or exchange visitor program participants has been suspended or terminated.

Funds provided for participant support may not be diverted by the awardee to other categories of expense without the prior written approval of the cognizant NSF Program Officer. Since participant support cost is not a normal account classification, the awardee organization must be able to separately identify participant support costs. It is highly recommended that separate accounts, sub-accounts, sub-task, or sub-ledgers be established to accumulate these costs. The awardee should have written policies and procedures to segregate participant support costs.
